

## Sharpening Mail-In Form - Instructions

WÜSTHOF & Kyocera Factory-Authorized Service Center

Please complete the form and safely package your knives in a box (not a padded envelope).  
Do not send any knife blocks or personal items besides your knives (towels, etc.).

### Suggested Packaging Instructions

- Using newspaper, roll knives diagonally from corner in one sheet of folded newspaper. You do not need to individually wrap each knife.
- Place knives in a proper box that fits the knives and packaging.
- Add additional packaging so you cannot hear or feel the knives shift in the package when closed.
- Include this form and payment in the package, tape securely and label.
- Please ask your preferred mailing/shipping company to provide you with a tracking number. You may protect your knives if desired by adding shipping insurance. Eversharp is not liable for lost shipments.
